

**CALL FOR ABSTRACTS
FOURTH INTERNATIONAL
CONFERENCE ON
EMERGENCY MEDICINE
WASHINGTON, DC, USA
MAY 7-10, 1992**

The Fourth International Conference devoted solely to Emergency Medicine will be held in Washington, DC, USA, May 7-10, 1992.

George Podgorny, MD, Chairman of the Fourth International Conference on Emergency Medicine, is now accepting abstracts from the United States for review for presentation during the Conference. Abstracts should be limited to 200 words and the material should be original, ie, not previously published or presented at a conference elsewhere. The abstracts should be typewritten on 8 1/2" x 11" paper, double spaced. Full names, titles, mailing address, and phone number should be given on a separate sheet.

Sessions will be devoted to the presentation of selected scientific papers. These papers may cover a range of significant areas of emergency medicine, from resuscitation and toxicology to radiology and research.

Submit an original and four copies of your abstract to: George Podgorny, MD, Chairman, Fourth International Conference on Emergency Medicine, American College of Emergency Physicians, PO Box 619911, Dallas, Texas 75261-9911.

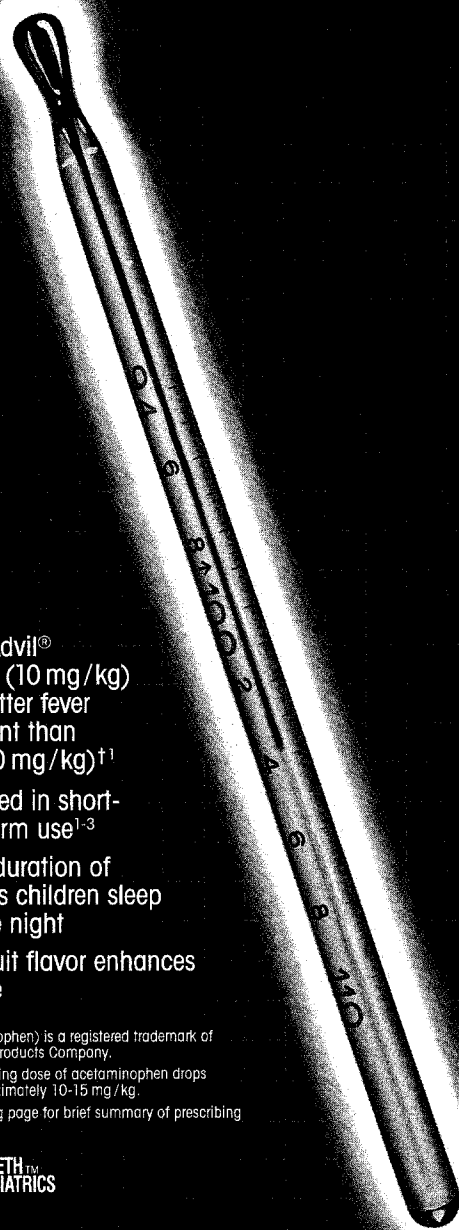

Deadline for submission of abstracts is July 31, 1991.

Annals of Emergency Medicine, as the official journal of the American College of Emergency Physicians and the Society for Academic Emergency Medicine, shall have the right of first refusal for publication of all papers from the United States submitted to ACEP and selected for presentation.

Any requests for further information regarding the United States' participation in this conference should be directed in writing to Dr Podgorny at the above address.

If it's too hot for Tylenol®*
It's just right for

**Children's
Advil®**
(ibuprofen)
Suspension
100mg/5mL

Children's Advil®
Suspension (10 mg/kg)
provides better fever
management than
Tylenol® (10 mg/kg)†¹

Well-tolerated in short-
and long-term use¹-³

Prolonged duration of
action helps children sleep
through the night

Pleasant fruit flavor enhances
compliance

* Tylenol® (acetaminophen) is a registered trademark of
McNeil Consumer Products Company.

† Labeled fever-reducing dose of acetaminophen drops
and liquid is approximately 10-15 mg/kg.

Please see following page for brief summary of prescribing
information.
