NEWS

- 12A Information for Readers

- 15A NAPNAP Position Statement on School-Based Health Care

- 17A NAPNAP Update

Indicates continuing education article which can be accessed on the Journal's Web site at www.jpedhc.org. Continuing education is free for NAPNAP members.

Indicates an article selected by the current President of NAPNAP. The article selected is representative of NAPNAP's mission, highlights the association's strategic direction, reflects the broad range and diversity of the members' areas of expertise in regards to specialty, setting and population, and best illustrates the integration of research and scholarship into practice to improve outcomes.

AIMS & SCOPE

The *Journal of Pediatric Health Care*, the official journal of the National Association of Pediatric Nurse Practitioners, provides scholarly clinical information and research regarding primary, acute, and specialty health care for children of newborn age through young adulthood within a family-centered context. The *Journal* disseminates multidisciplinary perspectives on evidence-based practice and emerging policy, advocacy, and educational issues that are of importance to all health care professionals caring for children and their families.
